

November 8, 1955

TO LEGAL COUNSEL:

✓ We are attaching hereto an editorial entitled, "Cancer of the Lung In Industry", from the British Medical Journal, pages 780-781, September 24, 1955. Will you please place this in Volume V, under the section headed "Air Pollution" as page 31.

✓ We are also enclosing an article by Drs. Essenberg, Horowitz and Gaffney, entitled "The incidence of lung tumors in Albino mice exposed to the smoke from cigarettes low in nicotine content", taken from the Western Journal of Surgery, Obstetrics and Gynecology, Volume 63, pp. 265-267, May, 1955. Will you please place this in Volume V, under the section headed "Animal Experiments" as page 45.

We would call your attention to the fact that Dr. Essenberg's item is a follow-up of his original report which appears as page 10 in the section headed "Animal Experiments".
